APPLICATION FOR PROJECT APPROVAL

"No building shall be started, erected, maintained, altered or converted... until the plans therefor, including specifications of construction, design and color scheme, and a plat location plan showing the location and grade of driveways, walks and structures of every kind to be erected, have been submitted to and approved by The Roland Park Roads and Maintenance Corporation, its successors or its assigns. Said Corporation, in passing on said plans, shall consider the proposed use of the proposed building, the materials of which it is to be constructed, its color and design, the harmony thereof with the surrounding area and properties, its location and the outlook it presents on surrounding properties. No fence, signs, billboards, or advertising sign of any kind shall be erected on any lot unless approved, in writing, by the Corporation."
